

**Kent Mountain Adventure Center, Inc.**  
**Clothing and Equipment List**  
Cherry Hills Village Elementary School Backpacking

Outdoor adventures are much more comfortable and enjoyable if proper clothing and equipment are used. August in the mountains can have temperatures in the 80's in the day, to below freezing at night. Although most days are pleasant, be prepared for rain, snow, wind, and cold, as well as hot temperatures. KMAC provides most of the participant equipment needs, however, you must provide personal clothing items, and a sleeping bag (rated to at least 25° F). Our hope is that families will borrow or rent the necessary outdoor gear rather than purchase it. That said we understand that not all families have some of this camping equipment. Should you need it, KMAC will provide a pack, sleeping bag, and ground pad. Backpacks need to be able to hold a minimum volume of 40+ liters. If you have difficulty finding items or if you have a question, please call. Remember, several layers of clothing are warmer and easier to pack than bulky items. Pack clothing in a duffel bag, backpack or similar luggage carrier labeled with your name.

Although cotton clothing is comfortable, it is not recommended for KMAC courses. When cotton is wet it dries very slowly and retains minimal insulating properties. Synthetic materials (such as polypropylene, fleece/pile, polyester, etc.) and wool blends are much better for wilderness courses.

KMAC provides each participant with the following items:

backpack if needed                      sleeping pad if needed                      sleeping bag if needed  
journal

☆ KMAC encourages students to use their own backpack and ground pad. These items must be OK'd by KMAC staff.

KMAC provides each group with the following items: tents and ground covers, maps and compasses, cook kits and utensils  
Kitchen items, first aid kits, climbing equipment and food.

YOU must provide: (check as you pack)

- \_\_\_\_ sleeping bag rated to at least 25° F, backpack, and sleeping pad
- \_\_\_\_ rain gear/coat
- \_\_\_\_ sneakers (1 pair)
- \_\_\_\_ hiking footwear (broken in)
